

POWER LVR™

Logging Voice Recorder

Power LVR offers advanced multi-media recording solutions based on open architectures and industry standard components. Power LVR is scalable to meet the needs of any public safety agency.

The recording of audio conversations within a PSAP is a legal necessity. Power LVR is a centralized workstation-recording unit that provides passive voice activated recording of 9-1-1 trunks, administrative lines, workstations, and radio. Recordings are stored within Power LVR as wave files, and tagged with time stamp, answering position and trunk information for easy retrieval. Power LVR offers the reliability, performance and end-to-end integration you expect from Positron.

INTEGRATION COMMITMENT

Complete integration with Power 911®,
Positron VIPER™ & Power MIS®

INTERFACE FLEXIBILITY

Analog (telephone, radio, microphones)
Digital Sets: Avaya, Nortel, Siemens, NEC,
others Digital Centrex: AT&T/Lucent and Nortel
T1 and ISDN-PRI trunks

CALL TAKER EVALUATION

Evaluate call-handling skills with interaction quality
Cost-effective call taker evaluation and reporting
Uses state-of-the-art active server pages

EXTENSIVE SEARCH PARAMETERS

ANI / ALI data, call taker ID and name,
Radio channel, talk group, and radio ID
DNIS, CLID, caller data, and call tags entered

STORAGE FLEXIBILITY

200GB On-line hard drive(s) for 30,000+ hours
9.4GB DVD-RAM or 12GB DDS3 archiving
RAID5, NAS, and central archiving options

OPEN ARCHITECTURE

Microsoft Windows 2000 and SQL Server 2000
Non-proprietary PC platform, off-the-shelf cards
Modular architecture for fast and simple upgrades

RESILIENT PERFORMANCE

Hot-Swappable power supplies
Mirrored 200GB hard drives option (RAID-1)
Remote diagnostics, dial-out alarms option

Power LVR

4 to 244 analog channels
8 to 128 digital set channels
24 to 144 T1/PRI channels
24 to 96 Trunked channels

Integrated Application Suite

Positron Public Safety Systems' fully-integrated suite of applications spans the entire workflow of public safety – from E9-1-1 emergency response to command and control.

Positron systems do more, share more and work together, right out of the box. They offer the benefits of the richest work environment available, without costly and ongoing post-deployment integration. Positron's approach is the only path to an affordable, feature rich and evolving system – with a single number to call when you need expansion or support.
